

SPECIFICATION SHEET: S015

STANDS – STANDS WITH SEATS

ISLAND SEATS FOR SYSTEM 1000 RANGE OF LOCKERS

Key Features

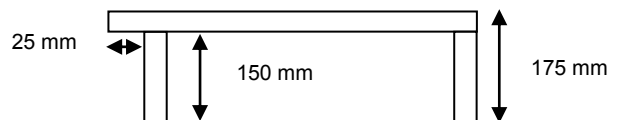

Sturdy Construction	Welded 1.5 mm square tube.
Foot Options	Choice of a simple bung or an adjustable foot with the option of floor fixing facility.
Seat Slats	All hardwood is sourced from environmentally managed forests. Compact grade laminate.
Functional	Allows easy cleaning beneath lockers and reduces dirt traps, improving hygiene. Clears skirting boards or pipes.

Range of Stands and Stands with Seats increase the benefits of the locker installations, for both personal convenience and hygiene. Cleansing of the entire locker room floor is made easy and a hot air source can be installed (by others) beneath the lockers for drying purposes.

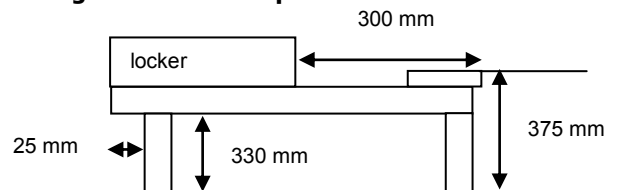

Sizes Available: Stands and Stands with Seats are offered to suite the majority of lockers within our range.

Material and Finish: The units are manufactured from 25 mm square section mild steel tube (1.5 mm ERW) and are of welded construction. The seats are manufactured from hardwood, postformed profile and finished with two coats of clear lacquer.

Stands: The stand increases the overall height of the unit by 175 mm, giving 150 mm clearance from the underside of the frame. Rear legs are inset by 25 mm to clear skirting boards etc, and the bottom of each leg is fitted with a plastic plug insert.

Stands with Seats: Stands with Seats have an overall height of 375 mm, giving 330 mm clearance from the underside of the frame to the floor. Rear legs are inset by 25 mm to clear skirting boards etc, and the bottom of each leg is fitted with a plastic plug insert.

Stand with Seats for

Welled Lockers: The Vedette Welled locker and the Vedette Golf Classic are designed to be used in conjunction with integral Stand with Seat. For the Golf Classic the seat is 340 mm high overall, and for the Welled Vedette the seat is 382 mm high overall. All legs are fitted with adjustable feet as standard.

Corner Stand with Seat:

This product is designed to allow locker rows to meet at corners exploiting maximum utilisation of available space for providing practical seating. All dimensions are similar to that of the Stand with Seat unit. All legs can be fitted with adjustable feet if required.

Finish: All Stand parts are powder coated to match body colour of lockers. Optional finishes available (see Optional Extras below).

OPTIONAL EXTRAS: (For Stands and Stands with Seats) The following can be supplied at an additional cost and, if included, will be specified in the quotation.

Adjustable Feet: Adjustable feet allowing between 15 and 50 mm of adjustment in height to help compensate for uneven floors. These are standard fitments on Welled locker Stands with Seats.

Floor Fixing: For added stability, adjustable feet can be supplied with a metal bracket for fixing to the floor. The bracket is manufactured from mild steel coated in black plastic.

Optional Finishes: Metal work can be finished in black nylon or black plastic.

Installation: We offers a full installation service for its products.

After Sales Service: All of our products are supported by our Service Department who provide technical advice, maintenance schemes, prompt delivery of replacement keys/parts and product refurbishment.

- **Health & Safety:** Lockers must be firmly secured to wall or floor and fixed together in runs for safety purposes. If applicable, install in accordance with specific product instructions.
- All dimensions are nominal.
- To enable us to interpret your requirements accurately, please state at time of enquiry/order the choice of locker type, colour, locking and nesting arrangement and delivery requirement.
- The products described in this specification sheet herein are the subjects of patent, trademark, design and copyright protection or application thereof.
- In the interest of efficiency and service to our customers, the company reserves the right to modify the specifications of any of its products.
